## About World Migratory Bird Day 2019

The 2019 theme of World Migratory Bird Day (WMBD) is "Protect Birds: Be the Solution to Plastic Pollution!", which put the spotlight on the impact of plastic pollution on migratory birds and their habitats. WMBD is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2019, WMBD will be held on 11 May and 12 October.** The EAAFP Secretariat highly encourage Partners to celebrate WMBD on twice a year.

## Introduction of EAAFP WMBD 2019 Small Grant

The Small Grant for 2019 [World Migratory Bird Day](#) (WMBD) has been established to provide financial support to [EAAFP Partners](#) and collaborators from [EAAFP Task Forces and Working Groups](#) who plan to organize **public events and/or conservation action-oriented workshops** at national or local levels through participating in the World Migratory Bird Day. We strongly encourage EAAFP Partners and collaborators to make an application for any suitable event or development of WMBD materials in local language that aims to raise awareness on the need of conserving migratory waterbirds and the value of their habitats in East Asian – Australasian Flyway.

## Eligibility Criteria

EAAFP Partners who plan to organize an event to celebrate World Migratory Bird Day 2019 in Partner countries included in the DAC list of ODA Recipients are our priority to support. (If you are not sure, please see the [list of EAAFP Partners](#), and [DAC list of ODA Recipients](#)). If you are not the country focal point of EAAFP, please consult and plan with EAAFP focal point of your country before you apply.

Please note that this grant is to initiate a WMBD event, not to cover the costs for the existing WMBD event expenses. Applications with similar contents (location, target participants etc.) from the previous years may not be accepted.

### Information of the application

This form must be filled by an applicant organization only if applicant or applicant organization qualifies the eligibility criteria set for funding assistance under EAAFP WMBD 2019 Small Grants Programme.

For your budget planning, please note that maximum 1,000 USD will be allocated to each county. The small-scale grant will be allocated on a first come first served basis, we recommend you submit the application as early as possible.

The deadline for application is **5 April 2019**. Please submit an application to Ms. Vivian Fu, Communication Officer via email (Word or PDF document) at [communication@eaaflyway.net](mailto:communication@eaaflyway.net) and [wmbd@eaaflyway.net](mailto:wmbd@eaaflyway.net).

After the Secretariat successfully receives your application, the approval of the successful proposal is made by the Secretariat. The applicant will hear application result within one or two weeks. Incomplete applications will not be processed further.

Successful applicants have responsibility to help translate the World Migratory Bird Day materials into their own languages which will be shared on the World Migratory Bird Day website (<https://www.worldmigratorybirdday.org/2019/download-materials>).

World Migratory Bird Day 2019, theme "**Protect Birds: Be the Solution to Plastic Pollution!**", will be held on 10 May in Kep Province, Cambodia. Kep is located along the coastline on southwestern part of Cambodia, which is one of tourist destinations and was granted ASEAN Environmentally Sustainable Cities in 2017 and ASEAN Clean Tourism award in 2018. Coastal areas in Cambodia support numbers of Migratory shorebirds which move to wintering ground every year. Plastic wastes enter the oceans and wash up on the shores each year, which somehow mistake the birds as their foods. They are not only feeding plastic themselves, but feed the plastic to their chicks. So this WMBD 2019 aims to raise awareness to local people, students, and public about the importance of coastal wintering ground and the negative impact of plastic waste to the birds. The event will be co-organized by Department of Freshwater Wetland Conservation of General Directorate of Administration for Nature Conservation and Protection, Ministry of Environment and the East Asian-Australasian Flyway Partnership. We will approach other partner organizations or institutions for their support and sponsor for the event. The event activities including photos shooting, short lecture and speech from experts, Q&A, beach cleanup, and other activities. We expect about 350 to 500 people will participate in this event include local students, university students, local authorities, rangers, site manager, birdwatchers, local communities, and NGOs.

Expected outcome:

- education and awareness on impact of plastic wastes on migratory birds will be raised
- concept of EAAFP will be promoted
- encourage local people and public to engage in conserving migratory birds along its flyway
- a lot of awareness raising materials will be produced
- a report of event
- photos and video about event
- promote the event and concept of the event through social media
