### Section 4. SHORT SUMMARY REPORT (Compulsory) (200 words)

On 10 May 2019, Department of Freshwater Wetlands Conservation of General Directorate of Administration for Nature Conservation and Protection, Ministry of Environment of Cambodia in collaboration with Secretariat of East Asian-Australasian Flyway Partnership (EAAFP), Department of Environment Kep Province and other NGOs partners organized the World Migratory Bird Day (WMBD) 2019 at Bunrany Hun Sen Chariyavong High School locates in Kep City of Kep province. The purposes of the event are: (1) To promote concept of EAAFP, (2) To educate the public to conserve migratory birds and its habitat, (3) To encourage local and public to engage in conserving migratory birds along its flyway, (4) To

promote the value of wetlands and the migratory birds, and (5) To awareness raising of the impact of plastic pollution to migratory birds and how can we be a solution to plastic pollution and save the migratory birds.

There were approximately 350 attendees who are Kep provincial Governor, Secretariat State of Ministry of Environment, officials from Ministry of Environment, Department of Environment of Kep province, site manager, rangers, local authorities, local people, Bunrany Hun Sen Chariyavong High School teachers, and students as well as NGOs partners working on natural resource and wetland conservation.

The event including the question and answer section for interacting with students and the questions are relevant to topic of world migratory bird day in 2019. There are also migratory bird photos exhibition which provide species and habitat information for participants to learn more about migratory birds in Cambodia. Beside this, participants did tree planting in the school campus.
