About World Migratory Bird Day 2019

The 2019 theme of World Migratory Bird Day (WMBD) is "Protect Birds: Be the Solution to Plastic Pollution!", which put the spotlight on the impact of plastic pollution on migratory birds and their habitats. WMBD is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2019, WMBD will be held on 11 May and 12 October.** The EAAFP Secretariat highly encourage Partners to celebrate WMBD on twice a year.
