About World Migratory Bird Day 2023

WMBD is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2023, WMBD will be held on 13 May and 14 October. This year, the theme is "Water: Sustaining Bird Life".** The EAAFP Secretariat encourages Partners to celebrate WMBD twice a year.

Introduction of EAAFP WMBD 2023 Small Grant

The Small Grant for 2023 [World Migratory Bird Day](#) (WMBD) has been established to provide financial support to [EAAFP Partners](#) and [EAAFP Task Forces and Working Groups](#) who plan to organize **public events and/or conservation action-oriented workshops** at national or local levels through participating in the World Migratory Bird Day. We strongly encourage EAAFP Partners and collaborators to make an application for any suitable event or development of WMBD materials in local language that aims to raise awareness on the need of conserving migratory waterbirds and the value of their habitats in East Asian – Australasian Flyway.

Eligibility Criteria

Applicants who plan to organize an event to celebrate World Migratory Bird Day 2023 need to **base in the EAAFP Partner countries**. In addition, EAAFP Partner countries included in the DAC list of ODA Recipients are our priority to support (If you are not sure, please see the [list of EAAFP Partners](#), and [DAC list of ODA Recipients](#)). If you are not the country focal point of EAAFP, please consult and plan with EAAFP focal point of your country before you apply.

Please note that this grant is to initiate a WMBD event, you can co-fund the event with other sources, but please indicate in the budget session. Applications with similar contents (location, target participants etc.) to previous years may not be accepted. We also encourage proposals to promote Flyway Network Sites for the WMBD activities.

As a result, Halmahera Wildlife Photography (HWP) wishes to introduce these species of migratory birds through a review of the book "Burung-burung Migran Maluku Utara (North Maluku Migrant Birds)," which will be published in July 2023, as well as a photography exhibition of migratory birds. This activity also introduces the concept of World Migratory Bird Day (WMBD).

This activity will take place from 6 to 12 October 2023 at the Sofifi Mangrove Forest Tourism location in Guraping Village, North Oba District, Tidore Islands City, North Maluku Province, with three agendas, namely:

1. Book Review
