Section 4. SHORT SUMMARY REPORT (Compulsory)

Provide a short article about your WMBD event or activity you arranged to celebrate WMBD. The following information (venue, organiser, number and type of participants, outcome) should be included in your article. (Minimum 400 words)

Wildlife Observer Community (WOC) has been celebrating World Migratory Bird Day in Sumatra with community awareness activities to protect migratory birds and their habitats. This year WOC celebrate World Migratory Bird Day 2024 with the theme “Protect Insects, Protect Birds”. The event held in Kota Harapan village, Tanjung Jabung

Timur regency, Jambi province, Indonesia.

For this year WMBD event, WOC organized WMBD events at public Awareness campaign, public discussion about the importance of insect and migratory birds, and school educational activity. Wildlife Observer Community (WOC) has successfully held the World Migratory Bird Day 2024 in Kota Harapan Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia on 21-24 October 2024 with a series of activities.

Kota Harapan village in Jambi coastline is considered an Important Bird Area (IBA) by BirdLife International. Kota Harapan village is home to a diverse array of wild pollinators, including insects and migratory bird species.

The event held in Kota Harapan Village, Muara Sabak Timur, Tanjung Jabung Timur Regency, Jambi Province, Indonesia.

We organize an educational and awareness-raising campaign about the beneficial of insect and migratory birds species among the local peoples, especially farmers in the nearest area to promoting sustainable agricultural practices and the conservation of insect and migratory birds in order to ensure the long-term survival of these beneficial species and the health and productivity of the entire ecosystem.

The participants were very enthusiastic in participating in this activity using the tools provided by team.

We organize an school educational activity and raising campaign among the local students in the nearest area of the habitat of migratory birds. We gave campaign in SD Negeri 120/X Kota Harapan and SMA LPM Lambur. The goal of this awareness campaign is to give knowledge to local peoples and children near the location about migratory bird and it's migration activity.

We also held a public discussion in one of local people house about the important to protect insect and migratory birds and migratory birds identification training with local peoples in agricultural lands and mudflat in Kota Harapan village. It is hope local people will as one in front of warriors to protect insect and migratory birds conservation in this area. We also gave campaign to local people about how important the migratory bird day is. We met the Head of Kota Harapan Village and he is very enthusiastic about this event because we provide knowledge to the surrounding community about insect and migratory birds where the presence of migratory birds must be maintained by maintaining their habitat
