

EAAFP MOP12 Reporting Template for Working Groups, Task Forces, and the Technical Sub-committee

Dear Partners,

To report on the progress of the implementation of the [EAAFP Strategic Plan 2019-2028](#), a Reporting Template was developed at the 10th Meeting of Partners (MOP10) in Hainan, China which was subsequently used to gather progress from Partners for MOP11 held in Brisbane, Queensland, Australia.

The EAAFP Secretariat has amended the reporting template to account for the feedback gathered at MOP11 as well as the MOP11 decisions specifically Key Results Areas 1.2 and 1.6. To streamline the process and reduce the length of the reporting document, three separate templates have been created: for (1) Government Partners, (2) Non-Government Partners, and (3) Working Groups, Task Forces, and the Technical Sub-committee.

The “Reporting Questions” are linked to Key Result Areas to enable an assessment of progress with the implementation of each element of the Strategic Plan. Indicators have been provided to facilitate reporting and assess our achievements.

As this Reporting Template was developed in alignment with the Strategic Plan, some questions may appear to overlap. However, completing them all will provide comparability with the previous [Partner Reports](#) submitted for MOP11.

While the total number of questions for Working Groups, Task Forces, and the Technical Sub-committee is 27, the number of questions for each Partner Group, and each mechanism of the Partnership, is shown below:

Government	50 Questions
Non-Government	43 Questions
Working Groups, Task Forces & Technical Sub-committee	27 Questions

This Reporting Template has been sent to the Focal Point of each Partner, the Chair and Vice-Chair of each Working Group and Task Force, and the Chair of the Technical Sub-committee.

Thank you,

Jennifer George

Chief Executive, EAAFP Secretariat

The EAAFP Reporting Questions

General Information

Reporting Group	<input checked="" type="checkbox"/> Working Group <input type="checkbox"/> Task Force <input type="checkbox"/> Technical Sub-committee <input type="checkbox"/> Other (please specify:)	
Name of Working Group or Task Force	CEPA Working Group	
Designated Co Chair	Name :Lindall Kidd Position :Migratory Shorebirds Program Coordinator Organisation :Birdlife Australia Street Address/ P.O. Reporting on the implementation of the EAAFP Strategic Plan

Reporting Period: 2023 – 2025

Note: Questions specifically targeting Working Groups and Task Forces are highlighted. Questions without specifically mentioning Working Groups and Task Forces shall be answered by all Reporting Group members (WG/TF/TSc).

OBJECTIVE 1 Develop the Flyway Network of sites of international importance for the conservation of migratory waterbirds, building on the achievements of the Asia-Pacific Migratory Waterbird Conservation Strategy, with the ultimate goal of establishing a sufficient and efficient network of sites with sustainable management. (FSN page: <https://www.eaaflyway.net/the-flyway/flyway-site-network/>)

- Supplementary information: [EAA Flyway Network Sites Overview Report 2013](#), [EAAFP Strategic Plan 2019-2028](#)

KRA 1.1 A comprehensive and coherent Flyway Network of Sites is developed for migratory waterbirds, including sites that are not currently Protected Areas.

KRA 1.2 National and Site Partnerships have been developed to coordinate the implementation of the EAAFP at national and local levels.

KRA 1.3 Flyway Network Sites are valued by the community and sustainably managed.

KRA 1.4 Where appropriate, Flyway Network Sites are being sustainably used to support subsistence livelihoods of the local community.

KRA 1.5 Partners and local stakeholders are engaged in responding to activities which may threaten Flyway Network Sites.

KRA 1.6 The EAAFP Sister Site Programme has expanded.

OBJECTIVE 2 Enhance communication, education, participation and public awareness (CEPA) of the values of migratory waterbirds and their habitats.

KRA 2.1 The achievement of the elements in the EAAFP CEPA Strategy and Action Plan (2023-2028)

Indicator 2.1.1 The CEPA Action Plan has been monitored, reviewed and updated as necessary to inform the EAAFP.

1. Is your Working Group or Task Force aware of the EAAFP CEPA Action Plan 2023-2028 ?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Additional information: Our Working Group is guided by the CEPA Action plan. In 2023 the CEPA WG outlined some priority actions taken directly from the CEPA Action Plan for the group to undertake between MOP11 and MOP12.	

2.

Has your **Working Group** or **Task Force** incorporated elements of the CEPA Action Plan in your work plan? (e.g. encourage academic institutions to conduct monitoring activities at Flyway Network Sites, and identify and encourage experts to share their expertise in migratory waterbird conservation)

☒ Yes
☐ No

Additional information (examples of how the Action Plan was reflected, e.g. in Flyway Network Sites, targeting the public, etc.):

All of our activities align with Objective 2 of the CEPA Action plan, and our Working Group is guided by a workplan which prioritises actions taken directly from the CEPA Action Plan.

Following MOP11, one of the priority actions was to identify and prioritise the elements of the CEPA Action plan that should be prioritised for implementation before MOP12, this was completed by the Working Group, with feedback sought from partners to create our workplan 2023-2025.

Some of the key work areas (*in italics*) the CEPA WG have achieved from the CEPA Action plan since MOP 11 include:

- *12A – Identifying and prioritising the elements of the plan that should be prioritised to implement.* The CEPA WG have created a work plan 2023-2025
- *4A - Identify media (including social media) groups and opportunities and provide relevant materials and support as necessary.* The CEPA WG worked with journalist Christina Larson, to create guidance and run a webinar that was open for attendance by partners. Christina's guidance on media releases led to subsequent EAAFP news articles.
- *8B – Coordinate national CEPA activities including organising and promoting Flyway-wide annual CEPA activities (WMBD grants and other resources, if avail) AND 10B - Implement flyway-wide activities, including WMBD & WWD, at FNS.* The CEPA WG acts as an advisory committee on the theme and supporting resources for WMBD. In addition, the CEPA WG reviews small grant fund applications that have a CEPA component
- *Youth Task Force Creation and Support.* The CEPA WG continues to work closely with the Youth Task Force and will advise the establishment of the Youth Task Force Terms of Reference for MOP12.

3.

What kind of support would you like to receive from the CEPA Working Group to effectively implement the Action Plan successfully in your **Working Group** or **Task Force** work plan and associated activities?

Additional information:

Not applicable, as we are the CEPA Working Group.

OBJECTIVE 3 Enhance flyway research and monitoring activities, build knowledge and promote exchange of information on waterbirds and their habitats.

KRA 3.1 National monitoring systems to assess the status of migratory waterbirds and their habitats are established, maintained and further enhanced.

KRA 3.2 Conservation status reviews for waterbird populations are produced and updated to set and adapt priorities for action.

Indicator 3.2.1 Data describing waterbird population estimates, trends and distributions are available to the Partnership.

4.

Please report briefly on data management of your **Working Group** or **Task Force** in relation to migratory waterbird population estimates, trends and distributions.

*Please provide weblinks if available online or references for relevant publications.

Your Response:

The CEPA Working Group does not store data on waterbird populations. Although members of the CEPA Working Group attended and contributed to the Monitoring Protocol Development Session online and in person, as part of the 1st EAAFP Flyway Science Symposium in Beijing.

Indicator 3.2.2 Two updates of waterbird population estimates have been produced and published.

5.

Please report on your planned contribution to the migratory waterbird Conservation Status Review II. Please see the [CSR I Report](#) for further reference.

Your Response:

None reported.

KRA 3.3 Updated list of sites of international importance for migratory waterbirds for conservation management and prioritisation.

KRA 3.4 A stronger understanding is developed on the anticipated impacts of climate change on waterbirds and their habitats and this is informing planning and site management.

Indicator 3.4.1 Improved knowledge about threats, including climate change impacts, on waterbirds and their habitats is shared and appropriate action taken where possible.

6.

Please provide details on key research on climate change impacts on migratory waterbirds and wetlands in the EAAF relevant to your work in TSc, Working Group, or Task Force, published since MOP11 (March 2023).

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None reported.

KRA 3.5 Collaborative research programmes are established to provide effective support for conservation and sustainable management efforts, particularly the sustainable use of resources for local livelihoods benefits.

Indicator 3.5.1 Research programmes on improving conservation and sustainable management outcomes have increased.

7.

Please provide brief information on areas of collaborative research programmes TSc or your Working Group or your Task Force has been involved in since MOP11 (March 2023) about the improvement of conservation and sustainable management outcomes at internationally important sites for migratory waterbirds. Please also share any recent similar research programmes, both regionally and globally, that you are aware of.

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None reported.

Indicator 3.5.2 Knowledge generated is being applied in at least 50% of internationally important sites for migratory waterbirds.

8.

Please give examples of how knowledge generated through research programmes on the improvement of conservation and sustainable management outcomes is being applied at internationally important sites for migratory waterbirds.

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None reported.

KRA 3.6 Best practice guidelines for waterbird and habitat conservation programmes, including the incorporation of traditional knowledge, are developed and made available.

Indicator 3.6.1 Best practice guidelines are available on the EAAFP website.

9.

Please provide brief details on the development and application of national-level best practice guidelines for waterbird and habitat conservation, including the application of traditional knowledge, published/made available since MOP11 (March 2023).

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None reported

10.

In what ways have you considered, or already included traditional knowledge, Indigenous Peoples and Local Communities (IPLCs), or citizen science in your work?

Additional information: The CEPA WG considers audience segmentation when advising on any communications, this includes Indigenous Peoples, Local Communities (IPLCs), and citizen scientists. For specific examples, when the CEPA WG is advising on the content of WMBD themes, or considering EAAFP communications around Highly Pathogenic Avian Influenza, we tailor our advice to be applicable across these audiences.

OBJECTIVE 4 Build the habitat and waterbird management capacity of natural resource managers, decision makers and local stakeholders.

KRA 4.1 EAAFP promotes the use of the range of available training tools and provides assistance to address challenges at Flyway Network Sites.

Indicator 4.1.1 All Partners and Secretariat have mechanisms for capacity building in place to facilitate the sharing of knowledge, tools and experience.

11.

Have you been involved in identifying/developing capacity building activities and materials about migratory waterbird and habitat management?

If yes, please provide some details.

- ☒ Yes
- ☐ No
- ☐ Planned

Additional information: Members of the CEPA WG review any small grant fund applications that incorporate a CEPA component. These applications usually involve capacity building activities and training at key wetlands through the flyway.

12.

Have you implemented capacity building activities and materials for migratory waterbirds and the management of their habitats?

If yes, please provide feedback on their values.

- ☒ Yes
- ☐ No
- ☐ Planned

Additional information: The CEPA WG initiated a media training webinar for partners to increase their communications capacity.

Indicator 4.1.2 Partners and the Secretariat include capacity building assessment in project proposals.

13.

Have you included a training needs assessment or survey in projects you have developed, funded, and/or implemented since MOP11 (March 2023)?

If yes, please provide some additional information.

- ☐ Yes
- ☐ No
- ☒ Not applicable
- ☐ Planned

Additional information:

Indicator 4.1.3 The EAAFP online technical training manual for Flyway Site management is supported and used by at least 50% of Flyway Site Managers.

<p>14. Have you used the EAAFP online technical training materials for Flyway Site management? Please provide some additional information on the usefulness of materials.</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned <input checked="" type="checkbox"/> Not applicable
<p>Additional information:</p>	

KRA 4.2 Capacity of Partner Focal Points and site managers to pursue the EAAFP objectives has increased.

Indicator 4.2.2 At least one meeting of Partner Focal Points, including site managers, is held per annum.

<p>15. Have you been able to participate in any meetings of EAAFP Partner Focal Points? (e.g. Science Symposium, ASEAN Flyway Network workshops, CMS COP, etc.) If yes, have any new collaborations with other EAAFP Partners been developed from the meeting/s? Please provide details.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Planned
<p>Additional information: A representative of the CEPA WG has been present at most of the EAAFP meetings. Collaborations that have been initiated following one of the meetings is a closer working relationship between the CEPA WG and the Avian Influenza Working Group.</p>	

KRA 4.3 Corporates with operations impacting on migratory waterbirds are engaged in delivering better outcomes for the conservation of waterbirds and their habitats.

Indicator 4.3.1 An increased number of internationally important sites and programmes, in which Corporates are contributing to positive outcomes for migratory waterbirds and their habitats.

<p>16. Please provide details you, as Working Group or Task Force, have on corporate engagement at internationally important sites and in programmes to develop positive outcomes for migratory waterbirds and their habitats. *Please provide weblinks if available online or references for relevant publications.</p>	
<p>Your Response: Although individual members of the CEPA WG have relationships with corporations within the countries they represent, the CEPA WG does not currently have any programs for corporate engagement.</p>	

OBJECTIVE 5 Develop, especially for priority species and habitats, flyway wide approaches to enhance the conservation status of migratory waterbirds.

KRA 5.1 Partners are actively collaborating to develop approaches to conserve migratory waterbirds and their habitats in the EAAF across national boundaries.

Indicator 5.1.1 At least 50% of Partners are collaborating across national boundaries initiatives for the conservation of migratory waterbirds, particularly for threatened migratory waterbirds.

17.

Please provide brief details the transboundary involvement of your **Working Group** or **Task Force** in international collaborative initiatives for threatened migratory waterbirds (e.g. North-East Asian Subregional Programme for Environmental Cooperation, ASEAN Flyway Network, Arctic Migratory Birds Initiative, bilateral agreements, Sister Sites etc.).

*Please provide weblinks if available online or references for relevant publications.

Your Response:

Various members of the CEPA WG are involved in other initiatives, especially the ASEAN Flyway Network. Some specific example include:

Co-chair Tina Redshaw presented at a webinar run by the ADB's Regional Flyway Initiative in Feb 2025.

Co-Chair Lindall Kidd presented at a meeting on Dec 2024 for the AEWA regarding the formation of a CEPA working group.

WG member David Lawrie is reworking the sister site relationship arrangement with the Yalu Jiang NN reserve in China.

WG member Vivian Fu has run the following initiatives:

- Sister Sites partnerships: Facilitation of partnerships between Mai Po and Inner Deep Bay (Hong Kong) and Songdo Tidal Flat (Republic of Korea), as well as Sungei Buloh Wetland Reserve (Singapore). Representatives from Incheon City visited Mai Po last year and this year, while Sungei Buloh WR visited Mai Po this year to enhance the relationship and discuss future collaboration.
- North-East Asian Subregional Programme for Environmental Cooperation (NEASPEC): Collaborate in updating the Black-faced Spoonbill International Single Species Action Plan, for which I am responsible for the CEPA session
- ASEAN Flyway Network: Presented WWF's work for CEPA in Wetlands during CEPA Learning Forum and Workshop organized by AFN on 7 May, 2025.

18.

What does your **Working Group** or **Task Force** consider to be the key innovative and/or improved approaches to the conservation of migratory waterbirds and their habitats since MOP11 (March 2023)?

*Please provide weblinks if available online or references for relevant publications.

Your Response:

The CEPA WG welcomes the improved approach of sharing scientific information through the flyway since MOP11, for example through initiatives such as the Flyway Science Symposium in Beijing, as well as the regular webinars coordinated by the Shorebird Working Group.

KRA 5.2 Threatened migratory waterbirds are protected from threats and populations are stable or increasing.

Indicator 5.2.1 The Partnership, with leadership from IUCN, BirdLife International & Wetlands International, is updating and maintaining a list of threatened migratory waterbird populations and encouraging Government Partners to protect these threatened populations under national legislation.

19.

Please provide information on the development of a list of threatened migratory waterbird populations in the EAAF in which your **Working Group** or **Task Force** has been involved in.

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None Reported

20.

Has your **Working Group** or **Task Force** been involved in taking actions to reduce threats to migratory waterbirds?

If yes, please provide some examples of measures taken (e.g. addressing negative impacts of renewable energy, habitat restoration, etc.)

☒ Yes

☐ No

☐ Planned

Additional information:

The CEPA WG focuses on raising awareness of migratory waterbirds, with the aim of changing human behaviour to benefit waterbird conservation. The main awareness raising campaign we are involved in is WMBD, where messages are always crafted to include tangible actions that people can take to help protect waterbirds.

Indicator 5.2.2 Single Species Action Plans are developed and implemented for threatened migratory waterbird species in the EAAF.

21.

Please outline the contribution your **Working Group** or **Task Force** has made to the development and implementation of Threatened Species Action Plans since MOP11 (March 2023) (e.g. Far Eastern Curlew, Masked Finfoot, Black-faced Spoonbill, Spoon-billed Sandpiper).

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None Reported

Indicator 5.2.3 Populations of threatened migratory waterbirds are either stable or increasing.

22.

Has your **Working Group** or **Task Force** been involved in any programme(s) to assess changes in the status of populations of threatened waterbirds?

If yes, please provide details.

☐ Yes

☒ No

☐ Planned

Additional information:

KRA 5.3 Regional Action Plans are developed and implemented for priority geographic regions of the EAAF.

Indicator 5.3.1 Development and implementation of Regional Action Plans for geographical regions with common critical threats in the EAAF.

23.

What has been your **Working Group's** or **Task Force's** involvement in the development and implementation of Regional Action Plans (e.g. ASEAN Flyway Network, Indo-Burma Ramsar Regional Initiative, Arctic Migratory Birds Initiative, Secretariat of the Pacific Regional Environment Programme)?

*Please provide weblinks if available online or references for relevant publications.

Your Response:

Co-Chair Tina Redshaw co-facilitated a Learning Forum & CEPA workshop for the AFN, in which they collated a lot of materials to inform the AFN's regional CEPA plan.

KRA 5.4 Measures to reduce and, as far as possible eliminate, illegal hunting, take and trade of migratory waterbirds are developed and implemented.

Indicator 5.4.1 All Government Partners have mechanisms in place to reduce and, as far as possible, eliminate, illegal hunting, take and trade of migratory waterbirds.

24.

What work has your **Working Group** or **Task Force** done to reduce and, as far as possible, eliminate illegal hunting, taking and trade of migratory waterbirds?

*Please provide weblinks if available online or references for relevant publications.

Your Response:

None Reported

KRA 5.5 The conservation of migratory waterbirds and their habitats is mainstreamed into national legislation and/or policy instruments including adaptation to the impacts of climate changes.

KRA 5.6 The conservation of migratory waterbirds and their habitats is integrated into relevant multilateral and bilateral agreements and other regional mechanisms.

Indicator 5.6.1 Relevant environmental agreements recognise the EAAFP as an effective regional framework to conserve migratory waterbirds and their habitats.

25.

Please provide any suggestions your **Working Group** or **Task Force** has on strengthening existing multilateral regional and bilateral agreements, and other regional mechanisms to deliver better outcomes for migratory waterbirds and their habitats.

*Please provide weblinks if available online or references for relevant publications.

Your Response:

Having a centralised repository publicly available where all partners can access shared CEPA materials would help reduce any duplication of effort through the flyway.

Others

26.

Please provide any feedback you have on this Partner Reporting Template.

Your Response:

None

27.

Please add any additional information you would like to share with us.

Your Response:

The CEPA WG are especially grateful for the support we receive from the EAAFP Communication Officer.

Our WG would like to further support the Secretariat to streamline some of their communications, for example, the new website, and longer term we would like to create an online repository where we can share communication resources.
